Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Commissioners
Pitt County
Greenville, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pitt County, North Carolina, as of and for the year ended June 30, 2024, not presented here, and the related notes to the financial statements, which collectively comprise Pitt County's basic financial statements, and have issued our report thereon dated January 13, 2025. Our report includes a reference to other auditors who audited the financial statements of the Pitt County ABC Board, as described in our report on Pitt County's financial statements. The financial statements of the Pitt County ABC Board were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Pitt County ABC Board or that are reported on separately by those auditors who audited the financial statements of the Pitt County ABC Board.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Pitt County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pitt County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings, Responses, and Questioned Costs as item 2024-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pitt County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on Pitt County's response to the finding identified in our engagement and described in the accompanying Schedule of Findings, Responses, and Questioned Costs. Pitt County's response was not subjected to the other auditing procedures applied in the engagement to audit the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Implementation Act

Independent Auditor's Report

To the Board of Commissioners
Pitt County
Greenville, North Carolina

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Pitt County, North Carolina's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of Pitt County's major federal programs for the year ended June 30, 2024. Pitt County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

In our opinion, Pitt County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Pitt County and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Pitt County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Pitt County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Pitt County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Pitt County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Pitt County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Pitt County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of the Pitt County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings, Responses, and Questioned Costs as items 2024-002, 2024-003, 2024-004, and 2024-005. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Pitt County's responses to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Findings, Responses, and Questioned Costs. Pitt County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings, Responses, and Questioned Costs as items 2024-002, 2024-003, 2024-004 and 2024-005 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings, Responses, and Questioned Costs as item 2024-006 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Pitt County's responses to the internal control over compliance findings identified in our compliance audit described in the accompanying Schedule of Findings, Responses, and Questioned Costs. Pitt County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Implementation Act

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pitt County as of and for the year ended June 30, 2024, and have issued our report thereon dated January 13, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State Single Audit Implementation Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In in our opinion, the Schedule of Expenditures of Federal and State Awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Implementation Act

Independent Auditor's Report

To the Board of Commissioners
Pitt County
Greenville, North Carolina

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited Pitt County, North Carolina's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Pitt County's major state programs for the year ended June 30, 2024. Pitt County's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

In our opinion, Pitt County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2024.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Pitt County and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of Pitt County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Pitt County's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Pitt County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Pitt County's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Pitt County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Pitt County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of Pitt County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings, Responses, and Questioned Costs as items 2024-002, 2024-003, and 2024-005. Our opinion on each major state program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Pitt County's responses to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Findings, Responses, and Questioned Costs. Pitt County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings, Responses, and Questioned Costs as item 2024-002, 2024-003, and 2024-005 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings, Responses, and Questioned Costs as item 2024-006 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Pitt County's responses to the internal control over compliance findings identified in our compliance audit described in the accompanying Schedule of Findings, Responses, and Questioned Costs. Pitt County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Implementation Act

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pitt County as of and for the year ended June 30, 2024, and have issued our report thereon dated January 13, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State Single Audit Implementation Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In in our opinion, the Schedule of Expenditures of Federal and State Awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

2. Financial Statement Findings

Finding 2024-001

Significant Deficiency

Criteria: Management should have an adequate system of internal control procedures in place to restrict physical access to the finance department suite, and sensitive information contained therein, to only authorized personnel.

Condition: A business officer in another department was granted unrestricted physical access to the building and suite which includes the finance department offices. The access was granted by information technology personnel via an access card meant to restrict physical access within the County to authorized individuals, which was against the County's information technology procedures.

Context: A routine review of access logs revealed that one employee outside of the finance department was able to obtain physical access to the finance department outside of business hours. The access was not authorized and was not necessary for the employee's job duties.

Effect: A breach of physical access controls creates an opportunity for unauthorized individuals to access sensitive employee and financial reporting information and documents.

Cause: The physical access at the County is controlled via access cards based on each employee's job duty requirements. An information technology employee in one department granted the access against the County's policy.

Recommendation: Additional training should be provided to information technology employees regarding physical access restriction procedures.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

3. Federal Award Findings, Responses and Questioned Costs

U.S. Department of Health and Human Services

Passed-through N.C. Department of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

AL Number: 93.778

Grant Number: XIX-MAP23

Finding 2024-002

Non-Material Non-Compliance

Material Weakness, Eligibility

Criteria: In accordance with 2 CFR 200, management should have an adequate system of internal control procedures in place to ensure that casefile evidence is appropriately updated. In accordance with 45 CFR 435, documentation must be maintained to support eligibility determinations.

Condition: The County Department of Social Services had one case file with evidence that did not match the online data verification system.

Context: Of the 1,642,149 benefit payments valued at \$651,425,953, we examined 60 payment records (\$45,425 value) and determined that one casefile (2%) was not properly updated on the online data verification system.

Effect: Casefile information was not properly updated on the online data verification system resulting in incorrect calculation of eligibility benefits, but the applicant remained eligible due to still meeting threshold requirements.

Cause: Online data verification system was not properly updated resulting in eligibility benefit determination not being properly calculated. Second party review quarterly reports were not being timely submitted, resulting in failure to meet compliance requirements for submissions.

Questioned Costs: None, the finding represents an internal control issue, therefore, no questioned costs are applicable. The client was able to substantiate that the applicant was eligible to receive benefits.

Recommendation: Caseworkers should review their eligibility determinations and ensure all information is entered correctly. Calculations should be reviewed for accuracy before approving benefits.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

3. Federal Award Findings, Responses and Questioned Costs (continued)

U.S. Department of Health and Human Services

Passed-through N.C. Department of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

AL Number: 93.778

Grant Number: XIX-MAP23

Finding 2024-003

Non-Material Non-Compliance

Material Weakness, Eligibility

Criteria: In accordance with 2 CFR 200, management should have an adequate system of internal control procedures in place to ensure that second party review quarterly reports are submitted timely and accurately before the required due date. Second party reviews are an essential tool in monitoring eligibility determinations.

Condition: The county did not timely perform and submit second party review documents for two of the quarterly reports (third and fourth quarter).

Context: Of the four quarterly reports that were submitted, two of them were not submitted timely. The third quarter report was submitted nine days after the required due date and the fourth quarter report was submitted 25 days after the due date.

Effect: The County did not have internal controls being properly followed for timely completion of second part reviews and submission of the required reports. The third and fourth quarter reports for second party review were not submitted until after the required due date.

Cause: Lack of internal controls being followed to ensure proper and timely second party reviews and submission of the second party review quarterly reports.

Questioned Costs: None, the finding represents an internal control issue, therefore, no questioned costs are applicable.

Recommendations: Management should review quarterly reports to ensure that timely and accurate second party reviews are being performed and reports are being submitted by the required due date.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

3. Federal Award Findings, Responses and Questioned Costs (continued)

U.S. Department of Agriculture

Passed-through N.C. Department of Health and Human Services

Program Name: Supplemental Nutrition Assistance Program (SNAP) Cluster

AL Number: 10.561

Grant Number: SNAP SAE

Finding 2024-004

Non-Material Non-Compliance

Material Weakness, Allowable Cost

Criteria: In accordance with 2 CFR 200, management should have an adequate system of internal control procedures in place to ensure that activities allowed and allowable cost policies are implemented and functioning as intended. Management must monitor activities under federal awards to assure compliance with federal requirements. Management should have an adequate system of internal control procedures in place to properly review and assess the eligibility of payroll costs to ensure the accuracy of the payroll costs charged is within program requirements. In accordance with 24 CFR section 990, verification of accuracy of information used in determining payroll costs to be charged to the program should be maintained.

Condition: An employee was demoted resulting in them not having to complete day sheets and requiring ADM time to be reported. Management did not update in NC CORELS and copied prior month day sheets to pay employee resulting in inappropriately charged amounts to the SNAP program.

Context: Of the 570 expenditures during the current year valued at \$671,155, we examined 40 (valued at \$166,725) and determined that 1 (2% valued at \$3,893) expenditure did not have proper documentation to support accuracy of payroll costs.

Effect: Salaries allocated to the program did not have approved time sheets to verify the accuracy of the hours charged.

Cause: Due to employee being demoted and not updated in NC CORELS, employee was paid with inappropriate charged expenses to the SNAP program.

Questioned Costs: In accordance with 2 CFR 200, auditors are required to report known questioned costs when likely questioned costs are greater than \$25,000. Even though the sample results only identified \$3,893 in known questioned costs, if tests were extended to the entire population, questioned costs could exceed \$25,000.

Recommendations: Management should ensure that employees being paid in NC CORELS are being paid according to proper pay codes and requirements.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

Finding 2024-005

Non-Material Non-Compliance

Material Weakness, Reporting

Criteria: In accordance with the DSS Fiscal Manual, Section II, travel expenditures must be within allowable limits in accordance with a county wide travel plan. In accordance with 2 CFR 200, management should have an adequate system of internal control procedures in place to ensure that activities allowed and allowable cost policies are implemented and functioning as intended. Management should have an adequate system of internal control procedures in place to properly review and assess travel expense reimbursement to ensure that proper mileage rates are being used when calculating travel reimbursement expense checks.

Condition: Employee used FY25 mileage rate when entering mileage to be reimbursed and management missed it during reconciliation of requisition. County did not maintain all receipts necessary to support the claim with signatures from employees and supervisors.

Context: Employee keyed the wrong fiscal year mileage rate and resulting in them being improperly reimbursed. Employee was paid for \$108 instead of correctly calculated amount of \$106.

Effect: County overpaid in travel reimbursement expenses to employee and did not maintain adequate receipts necessary to support claim.

Cause: Employee keyed in FY25 mileage rate instead of FY24 mileage rate when entering mileage for reimbursement.

Questioned Costs: None. The finding represents an internal control issue, therefore, no questioned costs are applicable.

Recommendations: Management should ensure that employees being paid in NC CORELS are being paid according to proper pay codes and requirements.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

3. Federal Award Findings, Responses and Questioned Costs (continued)

U.S. Department of Health and Human Services

Passed-through N.C. Department of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

AL Number: 93.778

Grant Number: XIX-MAP23

Program Name: Supplemental Nutrition Assistance Program (SNAP) Cluster

AL Number: 10.561

Grant Number: SNAP SAE

Program Name: Temporary Assistance for Needy Families

AL Number: 93.558

Grant Number: 1701NCTANF

Finding 2024-006

Significant Deficiency

Criteria: In accordance with the Division of Social Services Fiscal Manual, DSS employees should control physical access to the state network terminals or personal computers that are connected to the state mainframe.

Condition: Upon surprise inspection, two workstations of DSS employees were logged onto the state network without anyone attending to the workstation.

Context: While performing testing of internal control over compliance related to the Division of Social Services, we noted the above condition.

Effect: Unauthorized access to the state system could be obtained due to the unattended logon to the system throughout the DSS building.

Cause: Lack of proper internal controls over data security.

Questioned Costs: None. The finding represents an internal control issue; therefore, no questioned costs are applicable.

Identification of Repeat Finding: This is a repeat finding from the immediate previous audit, 2023-001.

Recommendation: Require the County Data Processing Department to implement procedures to require logout of workstations where access to the state DSS system is granted. The control procedures should include random verification of logout in instances where offices are unattended.

View of Responsible Officials and Planned Corrective Actions: See Corrective Action Plan submitted with this report.

PITT COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

4. State Award Findings, Responses and Questioned Costs

U.S. Department of Health and Human Services

Passed-through N.C. Department of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

AL Number: 93.778

Grant Number: XIX-MAP23

Finding 2024-002 – In accordance with Medicaid requirements, DSS employees should ensure that information is properly being updated in the Online verification database system to ensure that eligibility calculation is being properly calculated. See more at finding 2024-002 in Section 3 – Federal Award Findings, Responses, and Questioned Costs.

Finding 2024-003 – In accordance with Medicaid requirements, DSS employees should ensure that second party review are performed and quarterly reports are being accurately and timely submitted before required due dates. See more at finding 2024-003 in Section 3 – Federal Award Findings, Responses, and Questioned Costs.

Finding 2024-005 – In accordance with the Division of Social Services Fiscal Manual, mileage expenditures must be within allowable limits. See more at Finding 2024-005 in Section 3 – Federal Award Findings, Responses, and Questioned Costs.

Finding 2024-006 – In accordance with the Division of Social Services Fiscal Manual, DSS employees should control physical access to the state network terminals or personal computers that are connected to the state mainframe. See more at Finding 2024-006 in Section 3 – Federal Award Findings, Responses, and Questioned Costs.

**CORRECTIVE ACTION PLAN
FOR THE FISCAL YEAR ENDED JUNE 30, 2024**

Finding 2024-001

Name of Contact Person: Sam Croom, Finance Director

Corrective Action/Management Response: There are two card access systems used at the County. The legacy system controls the finance area and only has one level of IT staff account which does not limit privileges once logged into the system. The newer access card system has the ability to limit IT staff privileges and management by specific building locations. In recent years, no card access doors have been added to the legacy system, and doors are being migrated to the new system as budget allows.

An IT staff person outside the central management information systems department assigned an incorrect access group number in the legacy access card system to an employee access card, and implemented the access change without an authorized service ticket. Once discovered the access group was corrected.

IT staff have been reminded and trained on current policy and procedures. Periodic reviews of system access logs have been implemented to minimize changes outside of authorized service tickets.

Proposed Completion Date: 8/31/2024

Finding 2024-002

Name of Contact Person: Sharon Rochelle, DSS Director

Corrective Action/Management Response: Staff training is ongoing and was completed to remind of importance of running on lines at recertification and updated income.

Proposed Completion Date: 11/30/2024

Finding 2024-003

Name of Contact Person: Sharon Rochelle, DSS Director

Corrective Action/Management Response: Supervisor responsible for submitting report has become more familiar with the due dates in which this report is due. In addition, a reminder has been placed on the Outlook calendar to ensure that the report is completed timely. This practice has seemed to work as the report submitted for the 1st quarter was submitted timely.

Proposed Completion Date: 11/21/2024

Finding 2024-004

Name of Contact Person: Sharon Rochelle, DSS Director

Corrective Action/Management Response: We will double check to make sure all employees are reported correctly.

Proposed Completion Date: 12/1/2024; we will check monthly

Finding 2024-005

Name of Contact Person: Sharon Rochelle, DSS Director

Corrective Action/Management Response: We will have another Accounting Technician II audit to be sure all checks and requisitions match.

Proposed Completion Date: 12/1/2024; we will check weekly

Finding 2024-006

Name of Contact Person: Sharon Rochelle, DSS Director

Corrective Action/Management Response: We will get with MIS to see if they can reduce the amount of time the computer auto locks as well as doing checks to ensure all unattended computers are locked.

Proposed Completion Date: 12/1/2024

PITT COUNTY, NORTH CAROLINA
SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2024

Finding: 2023-001

Status: Repeated as finding 2024-006 in current year.

Notes to the Schedule of Expenditures of Federal and State Awards:1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and State grant activity of Pitt County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2024. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of Pitt County, it is not intended to and does not present the financial position, changes in net position or cash flows of Pitt County.

2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the costs principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Federal Clusters

The following are clustered by the NC Department of Health and Human Services and are treated separately for State audit requirement purposes:

- Subsidized Child Care Program
- Foster Care, Adoption, and Guardianship Assistance Program
- Refugee and Entrant Assistance
- Special Children Adoption Fund
- Social Services Block Grant

4. Indirect Cost Rate

Pitt County has elected not to use the 10% de-minimus indirect cost rate as allowed under the Uniform Guidance.

5. Opioid Settlement Fund

The NC Department of Justice does not consider Opioid Settlement Funds either Federal or State Financial assistance since they are from a settlement with private major drug companies. Since these funds are subject to the State Single Audit Implementation Act, they are reported as "Other Financial Assistance" on the SEFSA, and considered State Awards for State single audit requirements.
